

VERSION 2.0

Dermoscopy Excellence is an international masterclass on dermoscopy. The masterclass offers an intensive and detailed teaching of dermoscopy with 2 primary aims: first, to provide the participants with all available theoretical knowledge on dermoscopic criteria and, second, to guide them on how to integrate this knowledge and profitably use dermoscopy in their daily practice.

By G. Argenziano and A. Lallas

Rome, Italy
4th - 6th February 2021

Hotel NH Collection Roma Centro
Via dei Gracchi 324, 00192 Roma

MASTERCLASS OUTLINE

- ▶ **Pre-course preparation:** participants will be provided with electronic material to study. The time required to study will be no more than a few working days.
- ▶ **3 full days:** intensive and personalized teaching. A certificate of attendance will be provided to all participants.
- ▶ **Post-course evaluation:** it will be conducted on-line the following days after the course and will be based exclusively on knowledge provided during the 3-days of the course. Successful evaluation will be followed by administration of a Professional Dermoscopy Diploma, officially and fully recognized by the International Dermoscopy Society.

Giuseppe Argenziano

Giuseppe Argenziano is Full Professor and Head of the Dermatology Unit at the University of Campania, Naples, Italy; Co-founder and past president of the International Dermoscopy Society; and Editor-in-Chief of Dermatology Practical and Conceptual Journal.

His main research field is dermato-oncology, being author of numerous scientific articles and books concerning dermoscopy, melanoma and non-melanoma skin cancer. As coordinator of the Melanoma Unit at the Campania University, he has established a successful tertiary, multidisciplinary, referral center particularly devoted to the diagnosis and management of patients with melanoma and non-melanoma skin cancer.

Over the past 20 years he has supervised over 400 foreign students and 100 residents in Dermatology, established scientific collaborations with 1000+ colleagues from more than 50 Nations, and organized more than 400 national and international didactic meetings, courses and conferences (such as the Consensus Net Meeting on Dermoscopy and the First Congress of the International Dermoscopy Society).

Aimilios Lallas

Aimilios Lallas is a Board-Certified Dermatologist-Venereologist at the First Department of Dermatology of Aristotle University in Thessaloniki, Greece. He is specialized in skin cancer diagnosis with non-invasive techniques, as well as in the management of skin cancer patients.

His main field of research interest is dermoscopy of skin tumors, the application of the method in general dermatology and the improvement of the management of oncologic patients. He is an author of approximately 250 scientific papers published on Pubmed Central, most of them on dermoscopy, and of several book chapters on dermoscopy. He is a co-investigator in several Phase III Clinical trials on skin cancer treatment. He is invited speaker in several domestic and international congresses and meetings, mainly on the topic of dermoscopy.

He has been awarded several scholarships and scientific awards.

Dr Lallas is currently the General Secretary of the International Dermoscopy Society.

Thursday, 4th February

8.30 Participants registration

MODULE 1: Intro

Past and present of dermoscopy
Dermoscopy mirroring histopathology

11.00 Coffee break

MODULE 2: Trunk and extremities I

Common nevi
Peculiar nevi
Easy and difficult seborrheic keratosis
Other pigmented tumors

13.00 Light Lunch

MODULE 3: Trunk and extremities II

Conventional melanoma
Very early melanoma
Nodular melanoma
Practicing with cases

16.00 Coffee break

MODULE 4: Specific sites

Acral sites
Nails
Genitalia
Practicing with cases

18.00 Conclusion

DAY 1

Friday, 5th February

9.00 MODULE 5: Scalp

Pigmented lesions
Non-pigmented lesions
Practicing with cases

11.00 Coffee break

MODULE 6: Face I

Flat pigmented lesions
The inverse approach
Particular issues on lentigo maligna
Practicing with cases

13.00 Light lunch

MODULE 7: Face II

Basal cell carcinoma
Squamous cell carcinoma
Adnexal tumors
Practicing with cases

16.00 Coffee break

MODULE 8: Pink

Flat non-pigmented lesions
Nodular non-pigmented lesions
Practicing with cases

18.00 Conclusion

DAY 2

Saturday, 6th February

9.00 MODULE 9: Children

Congenital nevi
Spitz nevi
Melanoma
Practicing with cases

11.00 Coffee break

MODULE 10: Monitoring

Devices and basic principles of digital monitoring
Long term management of patients with multiple moles
Training with cases

13.00 Light lunch

MODULE 11: Dermoscopy in General Dermatology

Inflammatory diseases
Infectious diseases
Trichoscopy
Practicing with cases

16.00 Coffee break

MODULE 12: Case-based summary

18.00 Conclusion - Final Ceremony

DAY 3
