

VERSION 2.0

By G. Argenziano and A. Lallas

# Rome, Italy

## 31<sup>st</sup> August - 2<sup>nd</sup> September 2023

Hotel NH Collection Roma Centro  
Via dei Gracchi 324, 00192 Roma

Dermoscopy Excellence is an international masterclass on dermoscopy. The masterclass offers an intensive and detailed teaching of dermoscopy with 2 primary aims: first, to provide the participants with all available theoretical knowledge on dermoscopic criteria and, second, to guide them on how to integrate this knowledge and profitably use dermoscopy in their daily practice.

### MASTERCLASS OUTLINE

- ▶ **Pre-course preparation:** participants will be provided with electronic material to study. The time required to study will be no more than a few working days.
- ▶ **3 full days:** intensive and personalized teaching. A certificate of attendance will be provided to all participants.
- ▶ **Post-course evaluation:** it will be conducted on-line the following days after the course and will be based exclusively on knowledge provided during the 3-days of the course. Successful evaluation will be followed by administration of a Professional Dermoscopy Diploma, officially and fully recognized by the International Dermoscopy Society.

## Giuseppe Argenziano

Giuseppe Argenziano is Full Professor and Head of the Dermatology Unit at the University of Campania, Naples, Italy; Co-founder and former president of the International Dermoscopy Society; and Editor-in-Chief of Dermatology Practical and Conceptual Journal.

Professor's main research field is dermatology-oncology, as evidenced by his numerous articles and scientific books concerning dermoscopy, melanoma and non-melanoma skin cancer.

Over the past 20 years he has supervised over 500 students in Dermatology and organized more than 400 national and international didactic meetings such as the Consensus Net Meeting on Dermoscopy and the First Congress of the International Dermoscopy Society. Thanks to his experience in teaching and his friendly approach, he is able to involve his class, manage debates and discussions and create a passionate and never boring lectures.

## Aimilios Lallas

Aimilios Lallas, recently elected President of the International Dermoscopy Society, is a Board-Certified Dermatologist-Venereologist at the First Department of Dermatology of Aristotle University in Thessaloniki, Greece. He is specialized in skin cancer diagnosis with non-invasive techniques, as well as in the treatment of skin cancer patients.

Professor's main field of research is dermoscopy of skin tumors, the application of the method in general dermatology and the improvement of the treatment of oncologic patients. He has authored of approximately 250 scientific papers published on Pubmed Central, most of them on dermoscopy, and has contributed to various book chapters on dermoscopy, too.

He is a co-investigator in several Phase III Clinical trials on skin cancer treatment. He is one of the most qualified speakers in international dermatology congresses and meetings, thanks to his numerous scholarships and scientific awards and last but not least to his great ability involve students and lead the learning process.

## THURSDAY

**8.30** Participants registration

### 9.00 MODULE 1: Intro

Past and present of dermoscopy  
Dermoscopy mirroring histopathology

**10.45** Coffee break

### 11.15 MODULE 2: Trunk and extremities I

Common nevi  
Peculiar nevi  
Easy and difficult seborrheic keratosis  
Other pigmented tumors

**13.00** Light Lunch

### 14.00 MODULE 3: Trunk and extremities II

Conventional melanoma  
Very early melanoma  
Nodular melanoma  
Practicing with cases

**15.45** Coffee break

### 16.15 MODULE 4: Specific sites

Acral sites  
Nails  
Genitalia  
Practicing with cases

**18.00** Conclusion

DAY 1

## FRIDAY

### 9.00 MODULE 5: Scalp

Pigmented lesions  
Non-pigmented lesions  
Practicing with cases

**10.45** Coffee break

### 11.15 MODULE 6: Face I

Flat pigmented lesions  
The inverse approach  
Particular issues on lentigo maligna  
Practicing with cases

**13.00** Light lunch

### 14.00 MODULE 7: Face II

Basal cell carcinoma  
Squamous cell carcinoma  
Adnexal tumors  
Practicing with cases

**15.45** Coffee break

### 16.15 MODULE 8: Pink

Flat non-pigmented lesions  
Nodular non-pigmented lesions  
Practicing with cases

**18.00** Conclusion

DAY 2

## SATURDAY

### 9.00 MODULE 9: Children

Congenital nevi  
Spitz nevi  
Melanoma  
Practicing with cases

**10.45** Coffee break

### 11.15 MODULE 10: Monitoring

Devices and basic principles of digital monitoring  
Long term management of patients with multiple moles  
Training with cases

**13.00** Light lunch

### 14.00 MODULE 11: Dermoscopy in General Dermatology

Inflammatory diseases  
Infectious diseases  
Trichoscopy  
Practicing with cases

**15.45** Coffee break

### 16.15 MODULE 12: Case-based summary

**18.00** Conclusion - Final Ceremony

DAY 3
