Dermoscopy Excellence is an international masterclass on dermoscopy. The masterclass offers an intensive and detailed teaching of dermoscopy with 2 primary aims: first, to provide the participants with all available theoretical knowledge on dermoscopic criteria and, second, to guide them on how to integrate this knowledge and profitably use dermoscopy in their daily practice.

MASTERCLASS OUTLINE

- Pre-course preparation: participants will be provided with electronic material to study. The time required to study will be no more than a few working days.
- 3 full days: intensive and personalized teaching. A certificate of attendance will be provided to all participants.
- Post-course evaluation: it will be conducted on-line the following days after the course and will be based exclusively on knowledge provided during the 3-days of the course. Successful evaluation will be followed by administration of a Professional Dermoscopy Diploma, officially and fully recognized by the International Dermoscopy Society.
